Associate of Applied Science in Environmental Engineering Technology
To Bachelor of Science in Environmental Science

Overview

Completion of the following curriculum will satisfy the requirements for the Associate of Applied Science (AAS) in Environmental Engineering Technology degree at Cincinnati State (CState) and leads to the Bachelor of Science (BS) in Environmental Science degree at Northern Kentucky University (NKU).

Applying to the CState2NKU Program

Students can apply to participate in the pathway program by completing the online application on the NKU transfer webpage. Students must be enrolled in at least six credit hours at Cincinnati State, enrolled in the Environmental Engineering Technology (EVT) AAS degree or one of the EVT majors, Water & Wastewater (EVTW) or Stormwater Management (EVTS), plan to transfer to NKU, and maintain a minimum 2.0 cumulative GPA at Cincinnati State.

Degree Requirements for Cincinnati State

1) Completion of the Environmental Engineering Technology (EVT) AAS curriculum requirements or those of one of the EVT majors, Water & Wastewater (EVTW) or Stormwater Management (EVTS), 2) minimum cumulative GPA 2.0, 3) completion of an FYE course as part of the first 12 credit hours taken at Cincinnati State, and 4) completion of Cooperative Education.

Admission Requirements for NKU

Students completing the Environmental Engineering Technology (EVT) AAS degree or one of the EVT majors, Water & Wastewater (EVTW) or Stormwater Management (EVTS) with a cumulative GPA of 2.0 or higher will be accepted into NKU.

Degree Requirements for NKU

To earn a bachelor's degree at NKU, students must complete a minimum of 120 credit hours with at least 45 credit hours numbered 300 and above. In addition, at least 25% of the credit hours required for the degree and the last 30 credit hours must be completed at NKU. Students must have an overall GPA

of 2.0 and meet all prerequisites for courses and requirements for the major including a grade of C- or better in all courses required for the major. A minor is required for this major.

Advising Note
